

EXTEND OIL LIFE WITH SUPER CADDY

CLEAN, CERTIFIED & COST EFFECTIVE

With SUPER CADDY, we run the tractor and circulate the oil so we truly clean every gallon. (in our shop or at your jobsite)

SUPER CADDY will clean **ALL** the oil to ISO standards. This will greatly extend the life of your components.

SUPER CADDY extends the life of oil and drain intervals to save you money and at a fraction of the cost compared to an oil change.

THE FACTS

- Oil change in some systems can cost up to \$1000
- When draining oil, 15%-40% can remain in the system in cylinders, hoses, tubes, etc. This oil will contaminate your new oil.
- *Most pump failures are due to contamination, not pump failure.*

Great Prices!

System Capacities (gallons)

10 – 30	\$275.00
31-70	\$425.00
71-142	\$535.00
143+	\$3.75 per gal

Plus tax & travel mileage if done in the field. Filter changes and any additional system oil required not included.

Ask for the Service Manager at any of our 4 locations.
